

# Monthly Report

January 2024

## **Message from Chief Brant...**

**I am pleased to present the South Daytona Fire Department's Monthly Report for January. As a transparent agency, we share our actions with the City Council, City Manager, department members, and the public every month.**

**During January, our crews were very active. We had people taking college classes, training on vehicle extrication, and completing national and state-level certification courses. Each crew conducted the required amount of training hours. We had instructors teaching at Port Orange and the Volusia County Training Center. It is vital to assist the local departments with instructors, especially when we have people in the classes. It also provides our instructors with valuable training in providing instruction.**

**Despite all the training our crews were involved in, they still made time to visit local businesses as part of our community outreach program. These visits provide an opportunity for our crews to interact with the public and gain insight into buildings within our response area in case of an emergency.**

**As a department, we have one employee finishing paramedic school and another starting this two-year program. These commitments show our employees' dedication to improving their skill set to assist our citizens. As chief, I couldn't have asked for a better start to the new year. There are more great things to come from South Daytona Fire Rescue.**

**We hope you find this monthly report informative. We aim to bring you everything we are doing to serve our citizens better. Transparency in our actions is key to building trust and a positive relationship with the community. Thank you for the continued support of our agency and our city.**

## A-SHIFT

**Lieutenant Jacklyn Kirby - Paramedic**  
**Ernie Jarvis - Paramedic**  
**Scott Ryan - EMT**  
**Cameron Fischer - EMT**

"A-shift highlights for January are Firefighter Ryan has started his Journey to become a Paramedic. Firefighter Fischer completed two courses totaling 90 hours to become Pump Operator certified. ## B-SHIFT

**Lieutenant Jason Taylor - Paramedic**

**Chad Hubeck - Paramedic**

**Michael Matos - EMT**

**Jacob Bridger - EMT**

"During the month of January, B-shift has been actively updating our Target Solutions ISO trackers while simultaneously developing training for the upcoming year. Additionally, we have been training Firefighter Bridger to become a relief driver. This month, we focused heavily on vehicle extrication and utilized various stabilization techniques and hydraulic tools to remove victims that may be trapped. By providing this type of training, we ensure that our firefighters are well-prepared to handle any emergency that may arise, thereby keeping our community safer." - Lt. Jason Taylor

### **THIS MONTH SHIFT HIGHLIGHTS:**

- Jan. 2nd - Lt Taylor attended a SERF meeting. FF Bridger started 4th semester of Paramedic school. High intensity firefighter circuit training plus 1 mile run.
- Jan. 5th - Driver training with FF Bridger. High intensity firefighter training plus 1 mile run.
- Jan. 8th - Back flushed E98, driver training with FF Bridger. High intensity firefighter training plus 1 mile run.
- Jan. 11th - Pre-planning walk through Hanksters car museum. High intensity firefighter circuit training plus 1 mile run.
- Jan. 14th - Lt Taylor worked on fire inspector recertification. High intensity firefighter circuit training plus 1 mile run.
- Jan. 17th - High intensity firefighter circuit training plus 1 mile run.

**B-SHIFT**  
**Lieutenant Jason Taylor - Paramedic**  
Chad Hubeck - Paramedic

## C-SHIFT

**Lieutenant Chad Kirby - Paramedic**  
**Steven Evancho - Paramedic**  
**Nicole Bailey - EMT**  
**Jordan Nield - EMT**

“In January, C-Shift conducted several training sessions, including driver training with Firefighter Nield on maps, street familiarization, and pump training with the crew. We faced challenges when E98 broke down with mechanical issues, leaving the crew no other option other than to run approximately a half mile on foot to aide a choking patient.” - Lt. Chad Kirby

### THIS MONTH SHIFT HIGHLIGHTS:

- Jan. 12th - Zoll monitor training.
- Jan. 18th - Coordinated CPR and AED training with La Costa residents.
- Jan. 24th - Crew attended Vehicle Extrication Training in Port Orange.
- FF Nield started his Company Officer class and FF Bailey started her Building Construction class; both working towards their Fire Officer I certification.
- Lt C. Kirby finished Fire Prevention and Management class and started his Community Risk Reduction class through Columbia Southern University working toward a Bachelor's Degree.
- Total Combined Training Hours for C-Shift - 84.47hrs (recorded through Target Solutions)
