Memorandum

To: James L. Gillis, Jr., City Manager

From: Becky Witte, Deputy City Clerk

Date: November 18, 2024

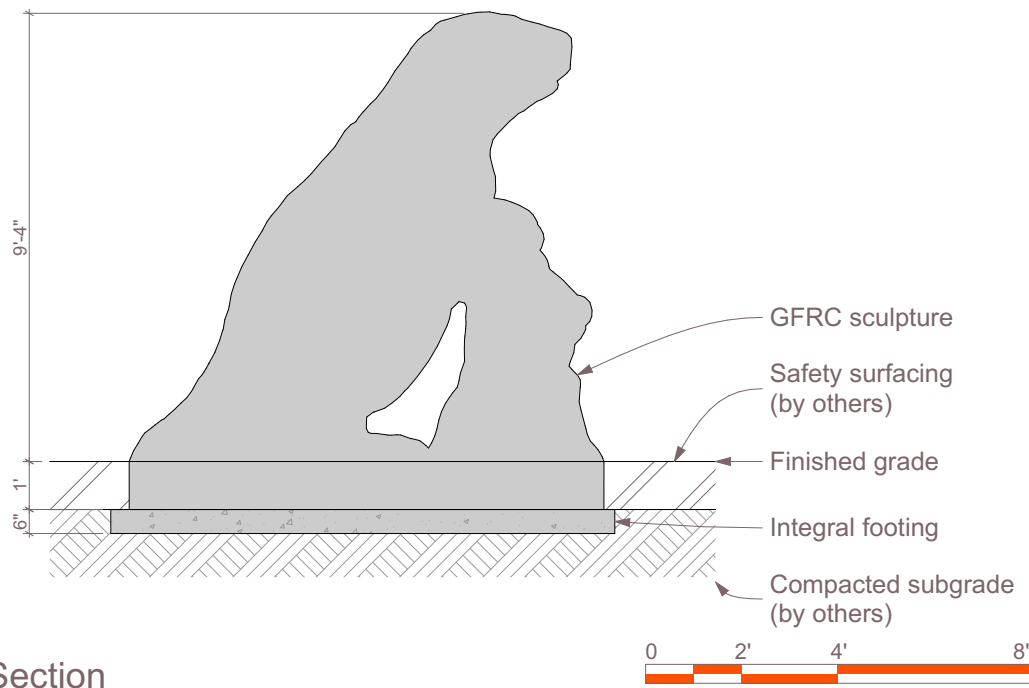

Re: Consideration of approving the purchase of a life-size replica of the sloth discovered at Reed Canal Park as part of the Reed Canal Park Prehistoric Playground Expansion in the amount of \$53,800 as part of the recently approved Volusia County ECHO grant.

The County Council approved the Reed Canal Park Prehistoric Playground Expansion project at its November 19, 2024, Meeting. One aspect of the proposed park improvement project is to pay homage to the prehistoric sloth skeleton discovered in the lake inside Reed Canal Park, which is the largest, most complete, prehistoric sloth skeleton ever found.

While preparing the application, the staff was able to locate a contractor specializing in glass fiber-reinforced concrete playground sculptures which will be able to deliver the sculpture in Spring 2025. While there are a limited number of contractors available to produce this featured item for our playground, their lead times are measured in years, not months, and their prices are estimated to be in excess of \$200,000.

The city's purchasing policy allows the City Council to waive the written quote and formal bidding requirements where solicitation of bids is deemed not to be in the best interest of the city, taking into consideration cost, delivery time, and such other considerations as deemed appropriate by the City Council.

Staff requests the City Council approve the purchase of the life-size sloth replica sculpture for Reed Canal Park Prehistoric Playground Expansion in the amount of \$53,800 as part of the recently approved Volusia County ECHO grant.

Summary

Products \$47,500.00
Shipping and Logistics \$6,300.00
Retail Price \$53,800.00

Terms & Conditions

- All design and construction work to be governed by AIA Subcontract, IDS Service Agreement or purchase order.
- Purchase orders should reflect the manufacturer's suggested retail price and dealer discount.
- Unless indicated otherwise, quotes assume projects are tax exempt or for resale and do not include federal, state or local taxes. Please provide a tax-exempt certificate or resale license at the time of order. If these documents are not provided, applicable taxes may be billed as an additional cost.
- The discount rate does not apply to Shipping & Handling or Travel & Logistics Costs.
- 50% deposit due with purchase order or executed sales agreement, 50% due FOB, Net 30.

- If IDS is required to store product for more than four weeks beyond the original ship date, a final invoice will be issued, less shipping costs. IDS reserves the right to assess storage fees when delivery is delayed more than 90 days beyond the requested delivery date or lead time as specified at the time of order. Modifications to proposed designs may incur additional costs, all modifications must be specified with purchase order.
- Orders will be confirmed and scheduled for production upon receipt of deposit and approval of IDS submittal.
- Estimates do not constitute an agreement for goods or services on behalf of Integrated Design Solutions. Initial estimate is subject to change based on changes in complexity, detail, or scope of work.
- If IDS is required to enter different or additional contracts with owner or agents of the owner, additional administrative fees may be assessed.
- Quotes are valid for 90 days from date of estimate listed above
- Estimated cost and completion date does not account for any necessary local code review, permitting, or inspection of the substructure or climbing facade. Additional costs and time delays will be the responsibility of the owner.
- Total price does not include bonds, licenses, training, **prevailing wage** and/or union labor rates or permit and/or inspection costs, or on-site power, water, waste disposal, or toilet facilities unless noted in the project description.
- Quote assumes that IDS will be given firm dates for a construction window at least 3 months prior to commencement of construction. The owner is responsible for demobilization and remobilization expenses if the construction window changes with less than one month notice.
- Quote does not include the fabrication and installation of required footings, foundation or retaining walls.
- Quote does not include site preparation, grading, backfill, landscaping or surfacing.

Shipping

- Shipping costs are estimates at the time of quote and will be re-quoted at the time of shipment. Additional fees may apply if re-quoted freight cost exceeds that of the executed project quote. It is the customer's responsibility to arrange the unloading of the equipment. Lift gate services or other special delivery equipment may incur additional costs.
- Shipping costs are estimates at the time of quote and will be re-quoted at the time of shipment. It is the customer's responsibility to arrange the unloading of the equipment. Lift gate services or other special delivery equipment may incur additional costs.
- Please review the type of shipping service and delivery schedule ranges indicated on your quote. If you require a different level of service, including scheduled delivery, additional fees may apply. Changes to the type of shipping service must be made 72 hours in advance of the scheduled load date.
- Once shipment is approved, the load is booked. Driver calls 24 hours prior to delivery. If the site is not ready and/or the receiver does not have the necessary equipment, fees will be determined and added to your balance due.
- Receivers are required to unpackage and inspect product upon receipt. Any issues or missing items must be reported with the driver prior to departure. Failing to do so results in no recourse for claim, including repair or replacement.
- If a load is canceled less than 48 hours in advance, you may be assessed a cancellation fee.
- If shipping via "will call", your shipper is responsible for shipping paperwork. Load date must be confirmed with IDS a minimum of 48 hours in advance. Handling costs may be assessed.
