Business Impact Estimate:

The City hereby publishes the following information:

- 1. A summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):**

The City of South Daytona is dedicated to ensuring that public parks and recreation areas remain safe, accessible, and available for their intended recreational use. Recently, there have been instances where recreational vehicles (RVs), campers, and enclosed trailers have been parked in city parks and associated parking areas without authorization, leading to concerns regarding public access, safety, and proper use of these facilities.

To address these concerns, staff recommends amending Section 10.5-2 of the Code of Ordinances to prohibit RVs, campers, and enclosed trailers in city parks and associated parking areas unless they have obtained a permit associated with a city-sponsored special event. This change will:

- Prevent unauthorized and extended use of park facilities for non-recreational purposes.
- Enhance public safety by reducing potential obstructions and unauthorized overnight parking.
- Ensure that parking areas remain available for park users.
- Allow exceptions for city-sponsored events that require the temporary use of such vehicles or trailers.

- 2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the municipality, including the following, if any:**

- (a) An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted:**

None

- (b) Identification of any new charge or fee on businesses subject to the**

proposed ordinance, or for which businesses will be financially responsible:

None

(c) An estimate of the municipality's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs:

None

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance:

None

4. Additional information the governing body determines may be useful (if any):
