

City of South Daytona

Office of the City Manager

1672 S. Ridgewood Avenue • South Daytona, FL 32119 • 386/322-3014

MEMORANDUM

To: James L. Gillis Jr., City Manager

From: Jason Oliva, Finance Director

Re: Consideration of approving the purchase of capital equipment and awarding a street resurfacing contract as identified in the recently adopted Fiscal Year 2025-2026 budget.

Date: October 1, 2025

The City Council approved the Fiscal Year 2025-2026 Budget on September 23, 2025. The budget includes multiple capital vehicle, equipment and service purchases. Since the individual costs of these vehicles, equipment and services exceed the City Manager's spending authority of \$25,000, they require City Council approval.

Grapple Brush Truck:

A grapple brush truck is a specialized truck equipped with a crane and a grapple attachment for lifting and hauling bulky waste, particularly vegetation debris. This combination of equipment allows a single operator to load and transport debris without needing additional equipment or labor. This will allow the City to remove debris quickly and efficiently during disaster preparation and recovery. Petersen Industries prepared a quote based on a Sourcewell Contract. Sourcewell contracts are a cooperative purchasing agreement that ensures competitive pricing and compliance with our procurement requirements. The cost of the truck is \$223,079.89. The quote for the proposed grapple brush truck, which is within the amount budgeted, is attached for your review.

2025 Ford Police Interceptors:

The City has been committed to updating the fleet of police vehicles with a plan to replace four vehicles each year. According to the State Contract 25-10000-23-STC prepared by the State of Florida Department of Management Services, the cost of each vehicle is \$56,329.64 which is within the budgeted amount. As mentioned earlier, four vehicles are included in the original budget. Staff are requesting approval of an additional vehicle to replace a vehicle that was completely totaled in an accident during the aftermath of Hurricane Ian. Insurance proceeds were received after the original budget was prepared. The insurance proceeds and the cost of the additional vehicle will be added to the FY 2026 budget during the budget roll-forward for projects and equipment not completed in FY 2025. The total cost for five vehicles will be \$281,647.05. The quote for the vehicles and for Dana Safety Supply to fit each vehicle to South Daytona specs is attached for your review.

Extrication Tools:

Current extrication tools used by the Fire Department are aging and are limited in comparison to modern battery-powered technology. Upgrading to new extraction tools will improve response efficiency and allow firefighters to safely rescue people trapped in vehicles or other confined spaces. Rescue Systems Unlimited prepared a quote for equipment replacement in the amount of \$45,756 which is within the amount budgeted. Rescue Systems Unlimited is the sole supplier/distributor for Genesis products in the State of Florida. The quote is attached for your review.

Utility Body Trucks:

To continue to maintain a viable fleet to serve the residents of South Daytona, the City needs to replace two aging Utility Body Trucks. A utility body truck is a vehicle with a specialized truck bed that features multiple components and drawers for organizing tools, equipment, and materials. These mobile workshops play a pivotal role in maintaining the Water and Sewer Fund assets. The City can utilize State Contract 25-10000-23-STC, prepared by the State of Florida Department of Management Services, with Step One Automotive for a total cost of \$111,178. The proposed purchase price is within the budgeted amount. The quote for the trucks is attached for your review.

Trailer Mounted Generator:

Multiquip prepared a quote based on a Sourcewell Contract for a trailer mounted generator in the amount of \$32,103.49. Generators play a vital role in keeping lift stations and pump stations operational during power outages. The City needs to continue adding and replacing older generators to make sure all lift stations and stormwater pumps can remain operational during power outages. The quote for the generator is within the budget amount and is attached for your review.

Electrician Van:

The City is seeking to purchase a new van that will be used by the electrician. The current van that the electrician uses will be repurposed to become the Water and Sewer camera truck. The old ambulance that was being used as a camera truck is no longer operational. The City can piggyback the Florida Sheriff Association contract #24VEL32 with Duval Ford for a cost of \$55,500. Since the proposed purchase price is higher than the budgeted amount, adjustments to the budget will be made to make sure that the overall budget does not increase because of this purchase. The quote for the proposed trucks is attached for your review.

Street Resurfacing:

The Fiscal Year 2025/2026 budget, adopted in September 2025, includes funding for resurfacing projects on Spinnaker Circle, Jib Drive, and Louisiana Road. In June 2023, the City entered into an agreement with Sparks Concrete for concrete and paving services. Under this existing contract, Sparks Concrete has proposed milling and resurfacing the three roadways at a total cost of \$311,426. Their proposal reflects pricing that is lower than both the original agreement rates and

Volusia County's current negotiated pricing, generating savings of more than \$67,000 for the City (see attached comparison table).

Staff Recommendation

To ensure the vehicle, equipment and service purchases are completed within the current fiscal year, staff obtained the quotes necessary to secure purchases at the earliest possible opportunity. As a result, staff recommends the Council approve the proposed vehicle and equipment purchases as budgeted in Fiscal Year 2025-2026.

GOVERNMENT 5-STAR SAFETY RATINGS

Overall Vehicle Score ★★★★★

Based on the combined ratings of frontal, side and rollover. Should ONLY be compared to other vehicles of similar size and weight.

Frontal Crash Driver ★★★★★ Passenger ★★★★★

Based on the risk of injury in a frontal impact. Should ONLY be compared to other vehicles of similar size and weight.

Side Crash Front seat ★★★★★ Rear seat ★★★★★

Based on the risk of injury in a side impact.

Rollover ★★★★★

Based on the risk of rollover in a single-vehicle crash.

Star ratings range from 1 to 5 stars (★★★★★), with 5 being the highest. Source: National Highway Traffic Safety Administration (NHTSA). www.safercar.gov or 1-888-327-4275

Ford FORD PROTECT

Insist on Ford Protect! The only extended service plan fully backed by Ford and honored at every Ford dealership in the U.S., Canada and Mexico. See your Ford dealer or visit www.FordOverseas.com.

WARNING: Operating, servicing and maintaining a passenger vehicle, pickup truck, van, or off-road vehicle can expose you to chemicals including engine exhaust, carbon monoxide, phthalates, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize exposure, avoid breathing exhaust, do not idle the engine except as necessary, service your vehicle in a well-ventilated area and wear gloves or wash your hands frequently when servicing your vehicle. For more information go to www.P66Warnings.ca.gov/passenger-vehicle.

City of South Daytona

Fire Department

Post Office Box 214960 • South Daytona, FL 32121 • 386/322-3033

Meeting Date: September 23, 2025

Prepared By: Fire Chief John K. Brant

Subject: Purchase of Extrication Equipment – Rescue Systems Unlimited

Background

South Daytona Fire Rescue continually evaluates equipment needs to ensure our personnel have the most effective tools to respond to vehicle accidents and other emergencies requiring extrication. Our current extrication tools are aging and limited in capability compared to modern battery-powered technology. Upgrading to state-of-the-art extrication equipment will improve response efficiency, enhance firefighter safety, and provide better outcomes for patients entrapped in vehicles or other confined spaces.

Proposal

Rescue Systems Unlimited, LLC has provided a quote (Quote #25-1766, dated July 28, 2025) for the purchase of the following battery-powered extrication tools:

- EFS49SLI.1101469GRS S49-SLI 28" Spreader with M18 6.0Ah Battery (IP68 Rated) – \$21,550.00
- EFC385SLI.1101551GRS EFORCE SLI C385 Cutter with M18 6.0Ah Battery (IP68 Rated) – \$19,840.00
- EFR21-36SLI.1099395 21-36 SLI Ram with M18 6.0Ah Battery (IP68 Rated) – \$13,400.00
- EFR2136.ART.011.520.5 EFORCE Ram Kit with 12" Extension & V Heads, Case – \$2,095.00
- EFM18.48-11-1861 M18 18V Lithium-Ion REDLITHIUM FORGE 6.0Ah Battery Pack (3 units) – \$597.00
- EFM18.ART.205.410.96 Six-Port M18 Milwaukee Rapid Charger – \$249.00
- Freight – \$525.00
- Subtotal: \$57,256.00
- Promotional Discount (expires December 31, 2025): -\$12,500.00
- Total Purchase Price: \$45,756.00

Funding

Funding for this purchase will be provided from Capital Budget

Recommendation

It is recommended that the City Council approve the purchase of extrication equipment from Rescue Systems Unlimited, LLC in the amount of \$45,756.00.

Requested Action

Motion to approve the purchase of extrication equipment from Rescue Systems Unlimited, LLC for \$45,756.00, as outlined in Quote #25-1766.
