Re: Consideration of appointing a member of the City Council to the Nova Canal Task Force

Date: January 23, 2023

At the January 23, 2023 Elected Officials Round Table, there was a discussion on the Nova Canal and the future efforts regarding clean-up and installation of additional outfalls (not within the City limits of South Daytona). The group suggested a Task Force to spear these efforts.

Representation on this task force would be beneficial to South Daytona. If nothing else, canal cleanup by the Florida Department of Transportation could be encouraged. A cleaner canal would make it flow better and protect the Halifax River from surface pollution.

Staff is requesting the City Council consider sending one of its own to represent South Daytona in this task force. If the Council decides to participate, I would be happy to attend the meetings with the selected member.
