MEMORANDUM

To: James L. Gillis Jr., City Manager
From: Becky Witte, Deputy City Clerk
Re: Consideration of Ordinance No. 2022-12 to update Chapter 21 of the City Code of Ordinances, the Consolidated Fee Schedule within the Code of Ordinances. Second and Final Reading.
Date: September 14, 2022

The City Council approved the first reading of Ordinance 2022-12 on September 12, 2022. Since the approval of the first reading, the index used for Impact Fees was issued (the U.S. Department of Labor Statistics for the Southeast Region for All Consumer Goods for the twelve (12) months ending on August 31st). The final percent was slightly lower than July and the attached fee schedule has been modified accordingly.

For many years, our city's fees were scattered throughout our code and policy books making them difficult for our residents and commercial partners to locate them. Last year, staff went through our entire library and compiled all fees into a Consolidated Fee Schedule (Ordinance No. 2021-05) which was publicly discussed and approved. The intent of this document was realized by the improvement of customer service and transparency of city operations.

The Consolidated Fee Schedule was drafted to allow staff to review the fees for sufficiency in September of each year during the budget process. Attached is Ordinance No. 2022-xx which highlights those fees that staff believes needs to be revised to adequately cover costs. The vast majority of the proposed fee changes center around the increase in the Consumer Price Index (CPI) over the past year. It is important that our fees keep pace with the CPI as the price of consumer goods, such as concrete and asphalt, fluctuates. It is important to note that staff is not recommending that all fees be increased. Some fees are proposed to be reduced by introducing resident discounts on items such as the Piggotte Community Center rentals and sports program registrations.

To better explain the proposed changes, staff has included the following narratives which clearly describe the reason behind each revision. Staff is recommending that Ordinance No. 2022-12 be approved as written. If approved, the Ordinance will be codified and implemented beginning on October 1, 2022.

The following modifications per section have been included in Ordinance No. 2022-12. Words and fees in the Ordinance that are underlined are new, proposed language while those that are struck-through are to be removed.

Sec. 21-7. Parks and Recreation Fees

City of South Daytona

Office of the City Manager

1672 S. Ridgewood Avenue • South Daytona, FL 32119 • 386/322-3014

Staff is proposing that we increase our facility rental security deposits from \$200 to \$300. Some damage has inadvertently occurred after a rental over the past year, and we have found that the \$200 deposit has not been enough to cover the damage. The proposed increase will ensure enough funds are available in case something is damaged, additional services are needed for cleaning or if rentals stay past the designated ending time. There have been several times over the past year when the entire deposit was kept for these purposes.

Staff is recommending that the weekend rate for the rental of the Piggotte Center be increased from \$125 for the first hour to \$300 to recuperate the cost of deep cleaning after an event. The object is to keep the Piggotte Center looking its best now that it has been completely renovated. Adequate cleanings are required after each weekend rental to achieve this objective. This increase is only for the first hour and increases slightly to \$150 (from \$125) for each additional hour thereafter. The proposed increase keeps us competitive to similar rentals available in Volusia County. A 50% homesteaded resident discount is being proposed to the entire rental bill (this discount does not apply to the security deposit).

Staff is proposing to increase the setup and take down fee from \$100 to \$350 to adequately cover staff time in completing these tasks. This past year, renters of our facility have begun requesting staff to setup their event with elaborate designs because it is cheaper than hiring someone to do it. The \$100 cost was not adequately covering staff time which took anywhere between one and two hours to complete depending on the design being requested.

Staff is proposing to modify our sports participation fees due to the increase cost of uniforms and sport officials (as minimum wage increases) to recuperate part of those expenses. Staff also recommends enacting a resident discount to encourage more participation from our citizens.

Staff is proposing a reduction in sponsorships to encourage small, local businesses within our community to sponsor. There was a drop in sponsorships this past year and when asked the primary reason was due to the sponsorship costs being slightly too high. Staff is proposing a slight reduction to encourage more to sponsor.

Section 21-8. Development Application Processing

Staff is proposing a modification to the acreage of comprehensive plan amendments listed in Section 21-8 to align with State Statutes. The threshold between small-scale and large-scale amendments was changed from 10 to 50 acres.

Staff is proposing the resubmittal charge for site plans to take place at the second submittal instead of the fourth to adequately cover the cost of staff time during each comprehensive review.

Section 21-11. Garage Sale Permit

As a benefit to our residents, staff is proposing elimination of the garage sale permit fee.

Section 21-12. Building Permits and Inspection Fees

Staff has included the 2% increase for permit and inspection fees as prescribed in Ordinance 2020-04 which was adopted in 2020. Ordinance 2020-04 stated that Permit Fees shall increase by 2% every October 1 starting in year 2020.

Section 21-13. Transportation Impact Fees, Section 21-14. Water and Sewer Impact Fees, Section 21-15. Recreational Impact Fees, Section 21-16. Fire Impact Fees, and Section 21-17. Police Impact Fees

Staff has included the increase of impact fees pursuant to Section 18-10(c)(3)(l), 20-17, 5-310(5), 8.5-62(f) and 8.5-71(f) of the Code of Ordinances, Transportation, Water and Sewer, Recreational, Fire and Police impact fees which states fees shall increase annually by the Consumer Price Index (CPI) as determined by the U.S. Department of Labor Statistics for the Southeast Region for All Consumer Goods for the twelve (12) months ending on August 31st prior to the effective date of the annual increase. The annual CPI increase first went into effect on October 1, 2020 and is adjusted annually without further action from the city council.

Since the approval of the first reading, the index used for Impact Fees was issued (the U.S. Department of Labor Statistics for the Southeast Region for All Consumer Goods for the twelve (12) months ending on August 31st). The final percent was slightly lower than July and the attached fee schedule has been modified accordingly (July 9.35% to August 8.89%).

Section 21-20. Utility Fees

Staff has included the utility fee increase pursuant to Resolution 19-23 (Scenario 8) which set an incremental increase to our utility fees each year. The proposed increase shown follows our rate study which was adopted in 2019.

Section 21-21. Water Connection Fees

Staff is proposing an increase in water connection fees based on rates charged by the City of Daytona Beach. Staff is also proposing that these rates will be adjusted annually by the Consumer Price Index (CPI) as determined by the U.S. Bureau of Labor Statistics for the Water and Sewer and Trash Collection Services for the twelve (12) months ending on June 30th prior to the effective date of the annual increase. These adjusted amounts are needed due to Daytona Beach charging South Daytona for additional water capacity.

Section 21-22. Connection charges for use of water not entering sewer system

Staff is proposing an increase in water connection fees based on rates charged by the City of Daytona Beach. Staff is also proposing that these rates be adjusted annually by the Consumer Price Index (CPI) as determined by the U.S. Bureau of Labor Statistics for the Water and Sewer and Trash Collection Services for the twelve (12) months ending on June 30th. These adjusted

City of South Daytona

Office of the City Manager

1672 S. Ridgewood Avenue • South Daytona, FL 32119 • 386/322-3014

amounts are needed due to Daytona Beach charging South Daytona for additional water capacity.

Section 21-23. Meter testing

Staff is proposing an increase of the fee for disputed readings when customer requests more than one (1) re-read in one (1) month. This is to cover the cost for the employees needed to test the meter.

Section 21-24. Miscellaneous Utility fees and charges

Staff is proposing an increase of fees for after hours turn-on service calls and employee labor charges. Current fees do not recover the cost of after hour turn-on service calls. Each after hour turn-on service call results in an employee being paid 3 hours of overtime. Staff is also proposing a tampering fee when water is obtained after service is terminated.

Section 21-25. Sanitary Sewer Connection charges

Staff is proposing an increase in sewer connection fees based on rates charged by the City of Daytona Beach. Staff is also proposing that these rates will be adjusted annually by the Consumer Price Index (CPI) as determined by the U.S. Bureau of Labor Statistics for the Water and Sewer and Trash Collection Services for the twelve (12) months ending on June 30th. These adjusted amounts are needed due to Daytona Beach charging South Daytona for additional sewer capacity.

Section 21-26. Utility Late Charges

Staff is proposing a removal of the service continuation charge and reinstatement fee to provide for a delinquency charge. The proposed modification removes the requirement to pay the delinquent and current bill and instead charging one delinquent charge to cover the cost spent on the shut off process.

Staff is proposing a removal of the temporarily disconnection (owner request). This was a courtesy fee to the customer to shut off utilities when they are out of town in order to guarantee that there are no leaks.

Staff is proposing removing the meter installation fee and replacing with a meter removal fee. This charge is for when the City needs to remove a meter due to tampering. The customer would be charged for the cost of removing the meter.

Section 21-29. Stormwater Fees

Staff is proposing an increase to the stormwater fee from \$9.00 to \$10.50 per month per ERU. The fee of \$9.00 has not increased since 2008. In order to assist with the increase, staff recommends eliminating the Garage Sale Permit Fee.

City of South Daytona

Office of the City Manager

1672 S. Ridgewood Avenue • South Daytona, FL 32119 • 386/322-3014

Staff is also proposing that this rate be adjusted annually by the Consumer Price Index (CPI) as determined by the U.S. Bureau of Labor Statistics for the twelve (12) months ending on June 30th.

Section 21-31. Fees for Waste Collection

Staff has increased the fees for waste collection pursuant to Resolution No. 2006-19 which outlined that fees for waste collection shall increase annually on October 1 based the Consumer Price Index (CPI) and Fuel Adjustment. These increases are also outlined in our franchise agreement with WastePro.

Section 21-41. Administrative fines and liens.

Staff is proposing addition of an Administrative Fee for Abatements. This fee will assist in recouping staff time that is spent on coordinating abatement actions when compliance is not reached in a timely manner. This fee mirrors other municipalities in the area.

Section 21-42. Parking.

Staff is proposing clarifying language that the illegal parking fees are per day and the delinquency fee would be charged per citation.

Section 21-43. Citations.

Staff is proposing an increase of \$5.00 per Section 21-43 of the City Code which states these fines shall increase by \$5.00 each year. The fines include Mandatory Spay/Neuter, Littering, unlawful use of Fireworks, Trespassing, Disorderly conduct, Disorderly intoxication, Possession of Alcohol, under 21, as well as Vessel Anchoring / Mooring which increased from \$165.00 to \$170.00.

If Council approves the second and final reading, the newly adopted fees will be effective October 1, 2022.

ORDINANCE NO. 2022-12

AN ORDINANCE OF THE CITY OF SOUTH DAYTONA, FLORIDA, AMENDING THE CITY OF SOUTH DAYTONA CODE OF ORDINANCES CHAPTER 21 “CONSOLIDATED FEE SCHEDULE” TO MODIFY CERTAIN FEES AS SHOWN IN ATTACHMENT A WHICH IS ATTACHED HERETO AND INCORPORATED INTO THIS ORDINANCE; AND PROVIDING FOR ADMINISTRATIVE ACTIONS, CODIFICATION, CONFLICTS, SEVERABILITY AND AN EFFECTIVE DATE.
