First and Only Reading. Read by Attorney Wade Vose.

City Manager Gillis recapped that on April 13, 2021, the city council declared the property at 1854 James Street as surplus. He described how the city acquired the property after the demolition of the home and death of the owner. He explained that the County received the property and per state law without finding need in the property, conveyed it to the city. He said the property has been vacant for many years. He said on April 19, 2021, the city advertised the sale and three bids were received. He said Mr. Joel Vazquez submitted the highest bid at \$16,000 and he plans to build his future home at that location. Mr. Gillis said that per code, closing costs, attorney fees and any other necessary fees will be paid by the buyer. The resolution authorizes the City Manager to attend closing and sign any documents related to the sale. He said that staff recommends sale of 1854 James Street to Mr. Joel Vazquez.

City Manager Gillis discussed the special event and request for outdoor amplification. He said the event is usually held at the Peabody Auditorium. Mr. Gillis noted that the dance studio is one of our great local businesses on Opportunity Court. He noted that the applicants were very good to work with and went to great lengths for the relocation including a beautiful tent, with air conditioning and they will have one speaker which will be operated by an iPhone. He said that two off duty Police Officers will be at the event and staff recommends approval.

Motion to approve by Councilwoman Lisa O'Neal. Second by Councilman Eric Sander. Motion carried unanimously.

Item 12: Ordinance No. 2021-09 Amusement Centers. An Ordinance of the City of South Daytona, Florida, amending the City of South Daytona Land Development Code to revise regulations related to Amusement Centers and Amusement Games or Machines; Amending Section 2.2 of the Land Development Code to add Definitions relating to Amusement Games or Machines; Amending Sections 5.5(J)(2) and (3) of the Land Development Code to remove Amusement Centers as a permitted use and to permit Amusement Centers as a Special Exception in the Business General Commercial (BGC) Zoning District; Amending Section 5.2, Table 2 of the Land Development Code to revise references to Amusement Centers and Amusement Arcades; Amending Section 5.7(C)15 of the Land Development Code to revise the criteria for Amusement Centers permitted as Special Exceptions; Amending Section 5.8 of the Land Development Code to remove Amusement Centers as a Special Use; and providing for recitals, administrative actions, codification, conflicts, severability, and an effective date. Recommended by Planning and Appeals Board 5/19/2021. Public Hearing. First Reading. Read by Attorney Wade Vose.

City Manager Gillis discussed that this unanimous recommendation from the Planning and Appeals Board is part two of the process of tightening up illegal gambling in the city. He said that there have been many creative Business Tax Receipt applications received by staff posing as senior amusement centers, gaming areas, etc., which are all illegal. He said this updated language replaces that which was written in the 1990's. Mr. Gillis said that the ordinance adds criteria for amusement centers, distance requirements from schools and other like facilities as well as designating the location within our business general commercial zoning. He said that this limits facilities from having more than 10 amusement machines and would prohibit businesses like Dave and Busters and Chuck E Cheese. He noted the contributions by Community Development Director Laureen Kornel and City Attorney Vose and said staff recommends approval.

Mayor Hall opened the public hearing. No public comments were received. Mayor Hall closed the public hearing.

Councilman Brandon Young questioned if this change would affect any current business or any business in application.

City Manager Gillis replied that no, the only similar application was for a small amusement center within the new bowling alley. He said since the arcade games were a secondary use and Business Tax Receipt was already issued, they would not be affected.

Motion to approve by Councilwoman Lisa O'Neal. Second by Vice-Mayor Doug Quartier. Motion carried unanimously.

Item 13: Ordinance No. 2021-07. An Ordinance of the City of South Daytona, Florida, Amending the City of South Daytona Land Development Regulations to clarify regulations related to recreational vehicle storage; amending sections 5.5 to provide that recreational vehicle storage in the Business Heavy Commercial District and the Light Industrial District shall be a special exception rather than a permitted use; amending section 5.7 to clarify special exception criteria for RV and boat storage, parking and rental; providing for conflicts, severability, applicability, and an effective date. Recommended by Planning and Appeals Board 4/21/2021. Public Hearing. Second Reading. Passed First Hearing 05/11/2021. Read by Attorney Wade Vose.

City Manager Gillis discussed this is the second reading to clean up an inconsistency within the Land Development Code. Currently, RV and Boat Storage is an allowable use in Business Heavy Commercial and Light Industrial. He continued to explain that in a separate section of the Land Development Code the use is listed as a Special Exception requiring certain criteria including council approval. To more effectively regulate and create consistency, staff recommends applying the Special Exception criteria to all zoning districts for the use of RV and Boat Storage approved by City Council. City Manager Gillis said that staff recommends the more stringent requirements to create a more pleasant streetscape and encourage higher end businesses. The requirements of masonry walls and enhanced landscaping will assist in the overall appearance of this use. This change will apply to all new development moving forward. All existing locations would be allowed to remain. The development "Cover Your Ride" that was previously approved is still being developed and this change will not impact that project. He noted that there have been requests for additional RV and Boat storage areas and this change will enhance the appearance of them.

City Manager Gillis said that staff recommends approval of the second and final reading.

Mayor Hall opened the public hearing. No public comments were received. Mayor Hall closed the public hearing.

Councilman Eric Sander reiterated that this change would only affect new business, not current, existing businesses.

Motion to approve by Councilwoman Lisa O'Neal. Second by Councilman Eric Sander. Motion carried unanimously.

providing for an effective date. Recommended by Planning and Appeals Board 4/21/2021. Public Hearing. Second Reading. Passed First Hearing 05/11/2021. Read by Attorney Wade Vose.

City Manager Gillis discussed that the current code of ordinances does not effectively regulate simulated gambling.
